

# Wine List 2014

Our new wine list offers what we believe to be some outstanding wines. They come from small family run vineyards and are brought in directly thereby offering you the customer the very best price possible for wines you will not find generally available. These suppliers have an emphasis on sustainable organic production using traditional methods and excluding the chemicals and preservatives normally found in cheaper mass produced wines. We hope you enjoy them.

## Light & Delicate Whites

These wines offer the perfect accompaniment to an array of Seafood dishes from Central European to Mediterranean cuisine. This is due to their compact and elegant body, and fresh style.
