THE BOATHOUSE GINS

There is a reason why Gin and Sin rhyme. These are just a few of them from around the world, all special, all different but all very sinful. Straight, over ice or with tonic, lemon, lime or orange the choice is yours.

So enjoy these beautiful gins in this beautiful location.

Blackwood's Gin 40%

A top quality gin made using botanicals from Shetland, including Wild Water Mint, Meadowsweet and Sea Pink flowers.

The Botanist Islay 46%

An unusual gin from Bruichladdich's 'Ugly Betty' Lomond still. Botanist contains no fewer than 31 botanicals, of which 22 are native to the Scottish isle of Islay itself, including Mugwort, Meadow Sweet and the enigmatic Lady's Bedstraw flowers. Voted Best Spirit of the Year 2013.

Saffron Gin 40%

The extraordinary (all-natural) colour of Boudier's Saffron gin is all from the gin's signature ingredient - the most expensive spice in the world.

Dictador Colombian Aged Gin 43%

Treasure is a Colombian aged gin from Dictador. The ingredients include the local Limon Mandarino (Tangerine Lemon) that provides a balance of sweetness and a cidity.

Langtons No 1 Gin 40%

Using waters from Skiddw in the Lake District and seasoned bark from the area to create this tasty gin.

Martin Miller's 40%

The daddy of new age gin. It all started over a drink in Notting Hill in 1998 and today it is blended in Iceland to be one of the finest gins available.

Ungava Canadian 43%

From the purest landscape on the planet, the Ungava region, this gin takes its taste from the rare botanicals that flourish in the ice and snow covered landscape.

Broker's Gin 40%

A delicious lip-smacking gin. Clean, fresh and a step up in quality from the normal run-of-the-mill juniper concoctions.

Dingle Gin 42.5%

Our very own Kerry Gin and no list would be complete without it. Amongst other botanicals, there is rowan berry from the mountain ash trees, fuchsia, bog myrtle, hawthorn and heather for a taste of the Kerry landscape.

Hayman's Sloe Gin 26%

A sloe gin from the Hayman family, a long standing English distilling dynasty, made to their secret family recipe. The only part we know is that wild English sloe berries are stepped in Hayman's gin for months before being blended with natural sugars

Jodhpur Reserve London Gin 43%

Inspired by India but aged in Spanish Oak with liquorice Root, Ginger and grapefruit Skin.

Williams Chase Seville Orange Gin 40%

A joy of a gin, distilled with plentiful fresh Seville orange zest. A Summer's day gin.

Geranium Gin 44%

The highest rated gin in the world. Just try it and see why.

Williams Elegant Crisp Gin 48%

Unlike no other gins where grain spirit is simply redistilled, grown and produced from field to bottle, imbued with cider apples and distilled in Naked Chase Apple Vodka.

Whitley Neill Gin 42%

An African inspired gin, made near Birmingham, UK, but containing baobab fruit and Cape Gooseberry to give it an even more exotic feel than other gins.

Brockmans Gin 40%

A very unusual gin. Brockmans is flavoured with ten botanicals and is designed to be drunk over ice rather than with tonic due to its extremely fruity, quite sweet flavours.

Schwarzwald Monkey 47%

A cult gin if ever there was one. Somewhat eccentric to claim that a recipe for gin has the power to unite great British traditions, the exoticness of India, and the purity and nativeness of the Black Forest. You can decide.

Bulldog London Dry Gin 40%

A modern super premium gin from Norfolk wheat, Welsh water and 12 botanicals: Chinese dragon eye, Turkish white poppy seeds, Italian juniper, Moroccan coriander and German angelica lemon.

Knockeen Hills Heather Gin 47% Knockeen Hills Elderflower 43%
