The details...

We really LOVE food at Pembroke Townhouse and we make and bake everything where possible right here! You are welcome to bring home any of our recipes, please just ask! Menu for Little 'uns also available and 'Breakfast on the Run'!

Our Bacon, Sausages and Pudding hail from Loughnane's Craft Butchers in Co. Galway and Irish Salmon is smoked in Hanlon's Smokehouse in Dublin. Our probiotic Yoghurt comes from the "Tipperary Cheese Company" in Co. Tipperary. Eggs are Free Range and hail from Co. Monaghan. All fruit is seasonal and Irish where possible, some we even pick ourselves in Co. Wicklow (Blackberries, Elderberries)!! Fresh herbs have travelled the shortest journey to us, from our garden patio!

For any dietary requests, please ask us and we will do our best to help. Advance notice would help us to source what we need for you. For any information on allergen content in dishes, please ask us. Also, vegetarian/vegan menu available on request.
